

All golf proceeds benefit the ACFA's educational programs & student scholarships. We have awarded \$91,500 in scholarships since 2007. The thirty-eight ACFA Scholarship recipients represent six accredited schools of architecture, including: Auburn, Mississippi State, Tuskegee, Syracuse, Tulane, and University of Texas. Eleven of these students received multi-year scholarships.

The mission of the Alabama Center for Architecture is to advance the enjoyment of architecture and design through engagement, education and collaboration. We appreciate your unwavering support of our scholarship program.
